Connecting to a PTR

To connect your smartphone or tablet to your Ninebot PTR, Bluetooth must be enabled on both devices.

Enable Bluetooth on the PTR

1. Turn on the PTR.
2. Long press the Speed Limit Button (🐢) on the keyfob. Hold down the button until the Bluetooth icon (ᛒ) starts flashing on the PTR dashboard.

Connect to the PTR via the Ninebot App

1. Enable bluetooth on your smartphone or tablet.
2. Open the Ninebot App (**Figure 72**).
3. Wait while the App searches for your PTR.
4. Select your PTR from the list at the bottom of the screen (**Figure 73**).
